WELCOME TO THREE LAKES SCHOOLS!

The administration and staff of Three Lakes School District would like to take this opportunity to welcome you to our district. The information in this handbook has been compiled to help you succeed. The entire staff is here to assist you with your education.

ATTENTION PARENTS/GUARDIANS:

We have wonderful School/Community Organizations (SCO) here at Three Lakes & Sugar Camp Elementary Schools. The SCO meets monthly and welcomes all parents/guardians to attend and help out with activities we plan for our children. Please watch the monthly newsletters that indicate meeting times and places. We believe that it does take an entire village to educate a child and we encourage you to take part in this organization.

WHY DO WE ISSUE EACH STUDENT A SCHOOL PLANNER?

Your school planner has been designed to help you manage your time and plan your day so that you can take an active part in controlling your academic achievement. Your classroom teacher will guide you in filling out your planner daily.

You will be expected to record all assignments in your planner. This means that you and your parents will be aware of exactly what each teacher expects and when it is due. You and your parents will also be aware of your progress in each class at any time during the year.

The planner may be used to relay messages from the school to home about routine matters. Students need to take the initiative to show their teacher and to show their parents. Parents/guardians please ask your child to see their planner regularly.

Every child has the opportunity to succeed at the Three Lakes School District. Students who are successful attend regularly, are prepared and ready to learn in the classroom, and do their homework. We believe that forethought and organization can overcome problems. Your teachers are prepared to help you use your planner to make your school year more successful.

The district will provide your planner to you. However, if you lose the original, you will be expected to purchase another one at the cost of \$5.00.

ADULT SCHOOL VISITORS:

We welcome and encourage parents/guardians to visit the school and their children's classrooms. Any individual visiting the school for any reason must first report to the school office, sign in, and pick-up a visitor's pass. If it should be necessary to speak with a student or teacher directly, office personnel will make the necessary arrangements. Teacher or room visitations may be arranged either by directly contacting the teacher or requesting an appointment through the principal's office.

SECTION TWO: GENERAL INFORMATION

ABSENCES/ANTICIPATED ABSENCES

When an absence is necessary, your parent/guardian is asked to **notify the school office by 9:00 AM** on the day of the absence and indicate the reason for the absence. When a student will miss **more than three** consecutive school days for family vacation, etc. an anticipated absence form must be completed, preferably one week prior to the absence. These slips are available in the office.

Students should sign-in/sign-out if they do not arrive or leave with the rest of the students. It is important that any informational notes sent by parents (upcoming absences, medical appointments, leaving early, etc.) be sent to the office. The office will keep the originals and send copies to the appropriate classrooms.

ACCIDENTS/INSURANCE

Every accident in the school building, on the school grounds, at practice sessions, or any athletic event sponsored by the school, must be reported immediately to the person in charge and to the school office. Three Lakes School District provides accident insurance for students injured during attendance when school is in session or participation in an extra-curricular activity. This insurance policy is a supplemental plan and only takes effect after the parent's insurance policy.

ANNOUNCEMENTS

The announcements for the day are read over the intercom at the beginning of the school day.

ATTENDANCE POLICY

All students are required by law to be in attendance at school each day that school is officially in session. The only absences which can legitimately be excused are for personal or family illness or injury, observance of certain religious holidays, death in the immediate family, court appearance, or medical or dental appointments which cannot be arranged outside of school hours. There are also extraordinary situations where the principal may deem it appropriate to grant an "excused" absence. (Board Policy # 6112) A note or call from a parent or guardian is required before an absence will be recorded as "excused". In cases of habitual absences, written excuses will be required

An "unexcused" absence will be recorded for any reason other than listed previously. A student will be identified as "**truant**" if they are absent from school without an acceptable excuse under State Statute 118.15 and 118.16 (4) for part or all of any day on which school is held during a school semester. According to State Statute 118.163 which deals with municipal truancy; a county, city, village, or town may enact an ordinance prohibiting a person under 18 years of age from being truant. The ordinance shall provide the following disposition: (b) A forfeiture of not more than \$50 plus cost for a first violation, or a forfeiture of not more than \$100 plus costs for a 2nd or subsequent violation committed within 12 months of the previous violation, subject to State Statute 938.37 and subject to a maximum cumulative forfeiture amount of not more than \$500 for all violations committed during a school semester. All or part of the forfeiture plus costs may be assessed against the person, the parents, or guardians of the person, or both.

The ordinance according to State Statute 118.16 which deals with habitual truancy, a "habitual truant" means a pupil who "is absent from school without an acceptable excuse under sub. (4) and State Statute 118.15 for part or all of 5 or more days on which school is held during a school semester." Students may be disciplined for unexcused absences, and if absences continue, the student may be referred to Social Services and/or law enforcement officials. The teacher will not be required to assist the pupil in making up lost or missed work. Students participating in practices, rehearsals, etc. are to be in attendance at least one-half day in order to participate in their activity. Situations beyond a student's control shall be considered.

When a child has been absent fifteen (15) days, inclusive as to days defined in State Statute 118.15(3) (c), for whatever reason, the child will be subjected to stricter guidelines as to what is an excused absence (Policy 6114). A letter will be sent to the parent/guardian informing them that further absence on the part of their child will require a doctor's excuse for medical absences, including non-emergency medical appointments. Illnesses

in the immediate family will not be excused and family trips will not be excused. In emergencies, documented evidence will give the principal discretion in enforcing this policy.

BAND PROCEDURES

Students that begin a semester of sixth grade band are required to remain in the course until the end of the semester. Medical and financial difficulties will be considered as exceptions to this rule.

BICYCLES

Students may ride bicycles to school. Bicycles must be parked in the racks provided. Students are asked to use extreme caution when entering and leaving school grounds.

BOOKS LOST OR DAMAGED

Payment for books and other materials that are lost or damaged by students will be based on the cost replacement.

COMPUTER USE

Use of the school district computers is a privilege. Any changes and/or damages to equipment, peripherals, or software programs will be considered an act of vandalism and may result in fines, suspensions, and/or prosecution.

CO-CURRICULAR STANDARDS

Students will be expected to sign and follow a Co-Curricular Contract in order to participate in all activities.

DIRECTORY DATA

The School District designates the following personally identifiable information contained in a student's education record as "directory information", and may disclose that information without prior written consent.

- 1) The student's name.
- 2) The student's grade in school.
- 3) The student's participation in recognized activities and sports.
- 4) The student's weight and height if a member of the athletic team.
- 5) The student's dates of attendance.
- 6) The student's photograph.
- 7) The student's achievement and awards.
- 8) The student's address and telephone number.

Within the first three weeks of each school year, the school district shall publish in the official district newspaper the above directory information list. For students enrolling after the notice is published, the list shall be given to the student's parents or the eligible student at the time and place of enrollment. After notification either from the publication or upon enrollment the parent or eligible student shall have two weeks to advise the school district in writing (a letter to the district administrator's office) of any or all of the items they refuse to permit the district to designate as directory information about the student.

FIRE DRILLS

Law requires fire drills at regular intervals during the school year and is an important safety precaution. A fire evacuation plan is posted in each room. Teachers will review the plan with students and become familiar with it. When the fire alarm sounds, students will immediately begin to evacuate the building, following the prescribed route. Running is not permitted. The first student to reach an outside door is to hold it open until all have left the building.

Students are to remain quiet during a fire drill and are to remain at least 50 feet away from the building until the signal is given to re-enter. Periodically, other emergency evacuation drills will be conducted. Specific directions will be given then.

SCHOOL COUNSELING

The purpose of school counseling is to help each student in social, educational, vocational, and personal development. The counselor may meet with children in the classroom and on an individual basis.

HOT LUNCH PROGRAM

The school cafeteria offers hot lunch for all students. You must have money in your account to purchase a hot lunch. Three Lakes School District has a NO CHARGE policy. Students that DO NOT have money in their account will only receive bread and milk for lunch until their account is paid. The classroom teacher will collect lunch money on a daily basis. However, **we recommend that parents pay monthly for bookkeeping purposes.** Please check the monthly newsletter for the monthly charge for hot lunch.

School ends at 3:15 PM. **For security reasons: Parents must check in the office and wear a visible visitor's pass in order to be in the hallways. ILLNESSES

Students are required by law to keep current with their immunizations. A list of required immunizations will be distributed to all students who are behind schedule and to new students when registering.

INSTRUCTIONAL MEDIA CENTER

The IMC is open daily from 8:00 AM to 3:15 PM. Books may be checked out for two weeks in grades 4-6, and one week in grades K-3. Children are encouraged to check books out on their own and/or with their classroom teacher.

LOCKERS

(See Board Policy on Page 11)

PHYSICAL EDUCATION

A pair of non-marking gym shoes is required for gym class. A note from your parent or guardian must be presented to the physical education teacher if you cannot participate in a physical education class; a written excuse from a physician is required if you cannot participate for a week or more.

PROGRESS REPORTS/REPORT CARDS

Teachers will contact parents via telephone, email, etc. if a student's work is at the failing point or when the work is considerably below the level of expectation. Report cards will be sent home with students at the end of each quarter. Parents may check the grades of students in grades three through six at any time through Powerschool online. Automatic reporting via email is also available through Powerschool.

RECESS

It is assumed that if a child is well enough to attend school, the student is well enough to participate in recess. Students are expected to go outside for all recesses. Doctor excuses will be honored for students needing to stay in for medical reasons.

RETENTION

In grades K-6 the Three Lakes School District reserves the right to retain a student in a given grade if it feels that it is in the best interest of the child. **(Criteria used for the retention process is attached at the end of the handbook.)** Notification of possible retention will be sent to the parent/guardian on or before the end of the third nine-week period. A parent/guardian who contests a decision that would pass or retain their son or daughter must follow the procedure outlined in the board policy # 6240.

SODA/MILK/JUICE

Students may not purchase soda, milk, juice, or snacks from the vending machines during the school day. They can purchase them from the machines after 3:30 PM. **Parents are asked not to send soda with students for lunch.** We prefer they have juice or milk to drink.

STUDENT VISITORS

Any student who wishes to bring a visitor to the Three Lakes School District must comply with the following requirements:

- The student visitor must be enrolled as a student in grades K-12 in another district.
- Contact must be made between the visiting student's school district and an administrator in the Three Lakes School District to authorize the visit not less than 2 days prior to the date of the visit.
- Student visitors will receive authorization for no more than one day per school year and no student shall host more than one visitor on any school day.
- The host student shall be responsible for informing the visitor of all rules and policies to be followed while in our school. The visiting student must accompany the host to all their classes during the visit.
- The Principal/Attending Officer may deny the request for student visitation if, after conferring with the other district administration, it appears that the visit would not be conducive to the learning environment of the district.

TARDIES

Students need to be in their classrooms before the start of the school day. If you are not in the classroom you will be considered tardy and will need to report to the office.

TELEPHONE CALLS

The office telephone is a business phone and should be used by pupils for emergencies only. Parents should not call school except in case of real emergencies. Students must have permission from their classroom teacher to use the phone.

SECTION THREE: SCHOOL RULES

It is the responsibility of each student to be familiar with these rules and follow them in school, on school grounds, on school buses, and at school activities. Ignorance of these rules is not a valid reason for noncompliance. The Code of Conduct developed by the District Committee will be followed in conjunction with this Student Handbook.

SCHOOL CODE OF CONDUCT

The Three Lakes School district is committed to maintaining an educational atmosphere of excellence. The district recognizes and accepts its responsibility to be committed to the maintenance of a positive learning environment through their support of decisions made by administrators and teachers and establish adequate funding for the process and implementation of the Code of School Conduct.

The educational staff must use their training, experience, and authority to create safe schools and classes where effective learning is possible.

In the school students are expected to behave in a manner which does not interfere with effective teaching and student participation during daily learning activities. Students are expected to come to school ready, willing, and prepared to learn. Students are expected to be responsible, to abide by all rules of behavior, and accept the consequences for their actions.

It is the recognized responsibility of parents to be aware of their children's activities, performance, and behavior in school. Parents must be involved and cooperate with school officials to address behaviors that interfere with the maintenance of a safe, productive, learning environment.

Student behavior that is dangerous, disruptive, and unruly, or interferes with the teacher's ability to teach effectively, will not be tolerated. Any student who engages in such behavior may be subject to removal from class and placement as outlined below. In addition, the student may be subject to disciplinary action in accordance with established Board of Education policies, school rules, and municipal ordinances and state/federal laws and regulations. Removal from class under the Code does not prohibit the district from pursuing or implementing other disciplinary measures, including, but not limited to, detention, suspension, or expulsion, for the conduct for which the student was removed.

For the purposes of definition, a "teacher" means a person holding a license, or permit, issued by the state superintendent whose employment by the school district requires that he, or she hold that license, or permit.

A "class" is a meeting of students in a learning situation under the supervision of a teacher.

A "teacher of a class" means the regularly assigned teacher of the class, or any teacher assigned to teach, monitor, assist in, or oversee the class.

This School Code of Conduct applies to all students in grades 4K-12.

Procedures for removal from class are available in the office.

- Students will be dismissed by grade at the conclusion of the assembly.

BUS TRANSPORTATION RULES/CONSEQUENCES

The driver shall be responsible for safety, health, and discipline on their bus. All drivers shall use discipline referral forms to report any misconduct to the building principal. The principal will notify the parents of the pupil regarding the discipline referral. They may suspend a student's busing privilege until reinstatement has been agreed upon by the driver, the parent, and the administrator. Continued misconduct, or misconduct that seriously jeopardizes the safety of their students, will require the parent to appear before the Board of Education before reinstatement of the bus privilege is authorized. During suspension periods, parents are responsible for transportation of their child.

A bus driver is not to physically handle a student, unless is necessary to restrain a student in order to protect the student from causing bodily harm to himself/herself or another person. If a driver determines that a student's conduct poses a safety hazard, and that student fails to obey the driver, the driver may stop the bus and contact law enforcement or the school administration for assistance in removing the student form the bus. A driver is never to put a child off the bus in route, unless the child is being turned over to law enforcement officers or a school administrator.

Bus drivers will enforce the following rules:

- Be on time for the bus. Buses will wait a maximum of two minutes beyond the regular scheduled time at any stop for a child. This does not mean the bus must wait everyday for any particular child.
- If there is no sidewalk or path, it is recommended that you walk on the side of the road facing traffic to get to the bus stop. Stay off the road at all times while waiting for the bus. Wait until the bus comes to a complete stop before attempting to enter the bus. Do not rush to get on the bus.
- When you must cross the front of the bus, be sure to stay a safe distance away from the bus so that you are in the driver's visibility range.
- When boarding the bus, go to your assigned seat in the bus without disturbing or crowding other pupils. The bus shall not move until all riders are seated. Do not stand, or extend you head, arms, or hands out of windows, or move about, or attempt to leave the bus while it is in motion.
- The rear doors are not to be used except in an emergency.
- Rules regarding controlled substances apply to all school transportation.

- Students are to help keep the bus clean, sanitary, and orderly. Damage done to the bus, or bus equipment by a student, will be paid for by that student.
- When leaving the bus, remain seated until the bus comes to a complete stop.
- The bus driver shall not require, or allow any passenger to stand while the vehicle is in motion.
- Students are to remain in the bus in case of a road emergency, unless directed to do otherwise by the bus driver.
- The bus driver is responsible for controlling the bus riders. Students must obey bus driver assistants, or chaperones, promptly.
- Bus drivers are encouraged to assign students to their seats, filling the bus from front to rear.
- Students are not to leave the bus to transfer to cars or be dropped off at another student's stop, without a written permission slip from their parents, verified by the principal or their designee. Once a student boards the bus in the morning, they are expected to stay on the bus all the way to school, and likewise on the way home from school.
- Students will not be permitted to ride a bus run that they are not normally scheduled to ride on, without a written request from their parents and authorization from the office. This permission should be approved at least one day prior to the date of the request.
- Students shall follow all of the behavioral rules in the student handbook while on the bus.
- Pupils who persist in failing to cooperate in observing these rules will be considered hazardous to the welfare of the other students and will be denied bus transportation.

Consequences for misbehavior on the bus may include, but is not limited to the following:

- Letters of apology.
- Recess detentions.
- Conference between student and principal.
- Bus riding privileges are suspended from one to multiple days.
- Conference between student, parent, bus driver, principal, and Transportation Director.
- Referral to Three Lakes School District Board of Education for long-term suspension of riding privileges.

CAFETERIA BEHAVIOR

- Food is to be eaten, not thrown or abused. Do not take food from others against their will.
- Students are asked to stay seated at their table until excused by their teacher.
- Please use appropriate manners and a quiet voice in the cafeteria.
- Students are expected to clean up their area.
- Students are asked not to enter the doorway into the food line until the student in front of them has moved to the tray slide.
- Students are to discard all paper products and food waste and sort their silverware.
- **No food should be taken from the cafeteria, unless approved by the teacher.**

CARE OF SCHOOL & OTHERS PROPERTY

No student may steal, deface, damage, or destroy another person's property or public property. This includes all acts, which Wisconsin Statutes (laws) define as crimes.

CLASSROOM BEHAVIOR

Students are to follow the policies and procedures established by the individual teacher. Behavior that interferes with the opportunity for other students to learn will not be tolerated.

DANGEROUS STUDENT BEHAVIOR

Fighting, physical assaults, physical abuse, severe verbal intimidation, verbal abuse, or any dangerous behaviors are not allowed. This includes all acts, which Wisconsin Statutes (laws) define as crimes.

DANGEROUS WEAPONS

No one shall possess a dangerous weapon or look-alike weapon (gun, knife, razor, karate stick, or any other object by the manner in which is used or intended to be used, is capable of inflicting bodily harm) on school premises.

DISCIPLINE INTERVENTION

Student discipline is tracked using Power School software to note tendencies and patterns of misbehavior. The action taken on an incident is based upon the severity of the incident and the individual's past history. Consistency and fairness are the most important aspects of dealing with student discipline. As a student begins to compile a large number of incidents, the discipline will become more severe. Parents/Guardians are informed of discipline incidents that reach the principal's office.

***Consequences for misbehavior may include, but are not limited to the following:**

- Student conference with student and teacher and/or principal and student.
- Activity, recesses, and/or lunch detention.
- In-school suspension for part or all of a day with parent notification.
- Suspension for up to three days with parent notification.

Parent involvement and cooperation are essential in any discipline situation. Three Lakes School District welcomes parents to school to meet with staff and discuss issues of concern.

DISCIPLINE PROCEDURES

The teacher or the adult in charge handles the majority of student discipline at the classroom level. The principal handles continual misbehavior or an incident that requires immediate attention. Student discipline handled by the principal falls into two basic categories:

- A referral from an adult staff member who has already attempted some type of intervention to correct the misbehavior. These include classroom consequences and parental contact.
- A referral that requires immediate attention or is of a major issue. These include, but are not limited to, fighting, chemical abuse issues, weapons, total defiance, and complete class disruption.

DISTRIBUTING/DISPLAYING MATERIALS

Permission of the school administrator(s) is required before students may distribute or display material from sources outside of the school. Teachers/advisors may approve in-school material for display.

DRESS CODE

Responsibility for the personal appearance of students enrolled at Three Lakes Elementary School shall normally rest with the students themselves and their parent/guardians. Student dress or grooming shall not, however, affect the health and safety of students or disrupt the learning process within the classroom or school.

In order to assure a healthy and safe school environment for students, the following student dress code guidelines will be enforced:

- During the school day, caps/hats, bandannas, head coverings, and jackets shall be taken off and placed in the students' lockers after entering the building. Students are required to wear shoes/sandals with socks. No shoes with rollerblades are allowed.
- No student shall be permitted to wear any clothing or accessories that contain pictures and/or writing referring to alcoholic beverages, tobacco products, sexual references, profanity, promotion of gambling,

illegal drugs, and/or gangs. Students wearing inappropriate shirts/pants, etc. will change into “clean” shirts/pants, etc. available in the office. Their inappropriate clothing will be kept and returned to the parent.

- Clothing that disrupts the learning process within the classroom or school will not be allowed. (torn and/or revealing clothing - no spaghetti-strapped tops or dresses, shorty-tops, etc.)
- Exceptions may be granted by the administration for medical and/or religious reasons.

ELECTRONIC DEVICES

Using and/or possessing audio players, electronic paging devices, hand held video games, laser pointers, or two-way electronic telecommunication devices, cell phones, etc., is prohibited unless approved by classroom teachers for use in their classrooms. (Further exceptions may be given for the use or possession of such devices by a student if it is determined that the device is used or possessed for medical, school, educational, vocational or other legitimate use.) Cell phones that are carried to school must remain off and in lockers while school is in session. Audio listening devices may be used on school buses with headphones if approved by the bus driver, provided they are stored in school lockers during school hours.

NUISANCE ITEMS

Students shall not bring to school articles that interfere with the educational process (hazardous items, squirt guns, toys, etc.).

FALSE FIRE ALARMS OR BOMB THREATS

Students will not set off false fire alarms, make false bomb threats, or false 911 calls.

GAMBLING

Students will not be allowed to wear shirts that expose the naval area or spaghetti-strapped tank tops.

MAKE-UP

We discourage the use of makeup and anything excessive will be brought to the student and parent’s attention.

SECTION FOUR: SCHOOL BOARD POLICIES

Wisconsin Statute 120.3 states that the Board of Education “may make rules for the organization, graduation, and government of the schools of the school district, including rules pertaining to conduct and dress of pupils in order to maintain good decorum and a favorable academic atmosphere, which shall take effect when approved by a majority of the Board of Education and filed with the school district clerk. The school district administrator or any principal or teacher designated by him/her also may make rules with the consent of the Board of Education...”

Three Lakes School District Board policies are available in the principal’s office or at the Business Office.

ATTENDANCE ENFORCEMENT

(Board Policy # 6114. Addendum Adopted Jan.1990. Amended Mar. 1990 and Jan. 1992)

The school building principal shall enforce school district attendance policies via the following means:

1. Not later than the end of the second day after receiving a report of unexcused absence, contact the parent or guardian by personal service, mail, or telephone call of which a written record is kept. Such a person shall be notified that the child is to return to school no later than the next day or a legal excuse is necessary.
2. In the event of further truancy, meet or attempt to meet with the child’s parent or guardian to discuss the child’s truancy.

3. Provide an opportunity for educational counseling to the child to determine whether a change in curriculum would resolve the child's truancy; or have considered curriculum modification provided for by law.
4. Evaluate the child to determine whether learning problems may be the cause of the child's truancy, and if so, placement of child in the appropriate district program to overcome learning problems.
5. Conduct an evaluation to determine whether social problems may be the cause of the child's truancy, and, if so, have taken the appropriate action or make appropriate referrals to overcome said problems.
6. When a child has been absent 15 days, for whatever reason, the child will be subjected to stricter guidelines as to what is an excused absence:
 - a) A letter will be sent by regular mail to the parent or guardian in informing them that further absences on the part of their child will require a doctor's excuse for medical absences, including non-emergency medical appointments
 - b) Illnesses in the immediate family will not be excused, and family trips will not be excused.
 - c) In emergencies, documented Social Services and/or law evidence will give the principal discretion in enforcing this policy.
 - d) Students will be issued Discipline Notices for unexcused absence, and if absences continue, the attendance officer will follow the enforcement of attendance steps outlined in the student handbook, and may refer the child to enforcement officials.

HARASSMENT POLICY

(Board Policy # 1650. Adopted Dec., 1996/Revised July 2010)

The Three Lakes School District supports an educational environment that is free of harassment, bullying or intimidation of any form. It is therefore the policy of the district that neither students nor employees will be allowed to engage in any form of harassment, bullying or intimidation toward any person.

Harassment, bullying or intimidation can arise from a broad range of physical or verbal behavior which can include, but is not limited to the following: aggressive or hostile behavior that is intentional that involves an imbalance of power between the bully and the bullied, and is typically repeated over time; physical or verbal assaults; non-verbal or emotional threats or intimidation; social exclusion and isolation; extortion; the use of a computer or telecommunication to send embarrassing, slanderous, threatening, or intimidating messages; teasing, put-downs, name-calling, cruel rumors; false accusations; and hazing; victimization that is not necessarily a result of or part of an ongoing conflict; physical or mental abuse; racial insults, ethnic slurs, religious slurs; unwelcome sexual advances or touching, sexual comments or jokes, sexually explicit derogatory statements, or discriminating remarks which are offensive or objectionable to the recipient, or cause the recipient discomfort, humiliation, or interfere with the recipient's academic performance.

It is the responsibility of administrators, staff members, and all students to ensure that these prohibited activities do not occur and are reported to an administrator.

Any person who believes that he/she has been the subject of prohibited harassment/bullying shall report the matter to the high school principal, in accordance with established complaint procedures for harassment/bullying. There shall be no retaliation against any person who files a complaint under this policy. All complaints shall be investigated in a timely manner.

Third party witnesses are strongly encouraged to report observed incidents of harassment/bullying to the administration. Every effort will be made, when requested, to maintain the confidentiality of witness identity, unless the witness is requested to testify in a hearing.

The administration and staff will inform students that the Three Lakes School District does not tolerate harassment/bullying in any form and will take all necessary and appropriate action to eliminate it, up to and including discipline of offenders. This policy will be distributed annually to all enrolled students and their parents or guardians. The policy will be provided to any person who requests it and the complaint procedure will be made available to any students or parent/guardian wishing to file a complaint.

HOMEWORK POLICY

Some guidelines seem appropriate to assure consistency in the assignment of homework. First, it is important to define what homework is and to identify the purpose of homework.

Homework can be defined as work that a student did not have time to complete during the regular school day or as an assignment given to a student to be completed outside the regular school hours. Aside from completing work started during the school day, there are four main purposes for homework: practice, preparation, extension, or creativity.

Assignments involving practice help students' master specific skills. Preparation helps students gain the maximum benefit from future lessons by having them do background reading, collect material, etc. Extension assignments determine whether a student can transfer specific skills or concepts to new situations. Homework involving creativity requires students to integrate skills and concepts to produce original responses (e.g. book reports, essays)

One of the main values for assigning homework is to encourage and measure the development of self-discipline and independent work habits. In the elementary grades, the early stages of homework usually involve a lot of parent/child interaction as the student gradually moves toward independence. It is important for each family to determine the time and place for children to do homework. A regular nightly routine will eliminate on going conflict. Students should be expected to do some type of homework every night along with time for pleasure reading.

It is important for teachers to recognize that homework ought not to be used as a discipline measure, and that homework ought to be evaluated in some manner or used in a follow-up lesson.

While recognizing individual differences and the fact that students work at different rates, the following time standards are suggested:

Primary Grades (1-3): 15-30 minutes Upper Elementary (4-6): 40-60 minutes

(While these times are suggested, some students may spend more time completing projects and studying for tests.)

When students are absent from school because of illness or family vacation, there may be extra work needed to catch up.

The elementary faculty will try to be sensitive to their student's evening classes and special events, which make time or homework unavailable. However, because of the large number of after-school activities, such as church groups, boy/girl scouts, sports, etc. it is nearly impossible to only assign homework on a non- activity night.

Your child is given time in class to work on much of their homework. However, if your child is spending more than the recommended time on homework in the evening, a conference with your child's teacher would be very appropriate.

LEGAL EXCUSE POLICY

(Board Policy # 6112. Addendum adopted Jan.1990; Amended Mar.1990 and Jan.1992)

Regular and punctual attendance is one of the essentials for school success as well as being one of the most significant factors considered by prospective employers when evaluating school records. Whenever it is necessary for a pupil to be absent from school the parent or guardian must notify the school administration, in writing, of the reason for the absence. The excuse must indicate the days or dates of absence and be signed by the parent or guardian.

The building principal/attendance officer is empowered to approve a legal excuse to any pupil or the following reasons:

1. Bona fide religious holiday with three school days notice.
2. A showing that the child is not in the proper physical or mental conditions to attend school or an educational program. The District may request the parent or guardian of the child to obtain a written statement from a physician, licensed psychologist, licensed chiropractor, or Christian Science practitioner as proof of the

physical and mental condition of the child. Such excuse shall be in writing, shall state the period of time for which it is valid, and shall not exceed thirty (30) days.

3. Non-emergency medical appointments with three school days' notice.
4. A death in the immediate family.
5. An illness in the immediate family which requires the attendance of the student only during the period of time in which such attendance is required.
6. A court appearance or other legal procedure which requires the attendance of the students with 3 school days' notice.
7. Quarantine as imposed by the public health officer.
8. Transportation delay beyond the control of the student.
9. Inclement weather when school is not closed.
10. Other emergencies that prevent attendance, which are generally defined as an Act of God or other circumstances beyond the control of the student, which prevents school attendance, in the discretion of the building principal. (Shopping trips, hair appointments, etc. are not excused absences, except in extreme emergencies, which will be cleared through the principal.)
11. A bona fide suspension/expulsion pursuant to Section 120.13, WI Stats.
12. The school board of Three Lakes recognizes that this being a resort area, many parents do not get a chance to take a vacation during the summer months. This being the case, some families plan activities at other times during the school year. Activities done with parents can be a rewarding educational experience. However, discretion should be used on the length of time the student is withdrawn from school so as not to impede their education. Families that find it necessary to withdraw their children from school for vacations must obtain a student withdrawal request form from the principal one week before the event. The student will be responsible for getting all assignments and make up all tests missed during their absence from school.
13. Other good cause as shown in advance to the building principal.

NONDISCRIMINATION COMPLAINT PROC.

(Board Policy # 1610. Revised Dec., 1996) The following procedure is adopted to address complaints by any person who believes that the Three Lakes School District, or any part of the school organization, has been, or is being discriminatory, or that any student is being harassed.

1. The complainant must submit a signed, written, statement of complaint to the designated coordinator. The statement of complaint shall name the complainant; state the facts giving rise to the complaint; identify all provisions of the rules and regulations alleged to be violated; state the contention of the complainant with respect to those provisions; and indicate the relief requested. The coordinator shall investigate the complaint and reply to the complainant in writing within five (5) business days after receipt of the written complaint.
2. If the complainant wishes to appeal the decision of the coordinator, he/she may submit a signed statement of appeal to the district administrator within five (5) business days after receipt of the coordinator's response. The district administrator shall meet with all parties involved, formulate a conclusion, and respond in writing to the complainant within ten (10) business days after receipt of the appeal.
3. In an attempt to resolve the complaint, the Board of Education shall meet. If the complainant remains unsatisfied, he/she may appeal through a signed, written statement to the Board of Education within five (5) business days of his/her receipt of the district administrator's response in step 2. In an attempt to resolve the complaint, the board shall meet with the concerned parties and their representatives within fifteen (15) days of the receipt of such an appeal. A copy of the Board's disposition of the appeal shall be sent to each concerned party within ten (10) business days of this meeting.
4. If a complainant under Section 118.13 of the Wisconsin Statutes and PI 9 wishes to appeal a negative discrimination by the board, he/she has the right to appeal the decision to the State Superintendent within 30 days of the Board's decision. In addition, the complainant may appeal directly to the State Superintendent if he/she has not been provided with written acknowledgement of the complaint within forty-five (45) days of

receipt of the complaint or if the Board has not made a determination within 90 days of the time that the written complaint was initially filed. Appeals should be addressed to:

Superintendent of Public Schools
125 S. Webster St.
P.O. Box 7841
Madison, WI 53707-784 1

If a complainant under Federal Law wishes to appeal a negative determination, he/she may file a complaint with the Federal Government at the following address:

STUDENT LOCKERS

(Board Policy # 6310)

Student lockers are the property of the school district and are provided to students for the purpose of affording them a safe place to keep legitimate personal belongings as well as school property assigned to them for their educational use.

The school district does not provide students with lockers for illicit use in harboring pilfered or stolen property, harmful and /or illegal substances, objects considered to be dangerous to oneself or to others.

Being charged with the responsibility for the proper management and welfare of the student body, the Board of Education authorizes the school administration to inspect lockers if there is suspicion that the locker or lockers are being used for other than legitimate reasons as explained above. The administration may, but is not required to, obtain the students permission if there is reasonable suspicion that the locker has illegal contents.

WEAPON POLICY

No one shall possess, use, or store a weapon or look-alike weapon in or on school property, school vehicles, or at school related activities. A dangerous weapon may include any object that, by the manner in which it is used or intended to be used, is capable of inflicting harm or could pretend to be capable of inflicting bodily harm or endangering the health and safety of students or staff. Ammunition and explosives are included within the weapons category

Exceptions include:

1. Weapons under control of law enforcement personnel.
2. Weapons properly registered and handled during community use of school facilities.
3. Theatrical props used in appropriate settings.
4. Starter pistols used in appropriate sporting events.
5. Items pre-approved by the building principal as part of a class or individual presentation under adult supervision. (Firearms together with ammunition will never be approved as part of a presentation.)

PUPIL INTERVIEWS

(Board Policy # 6500)

Individual pupils may not be interviewed by any person, except a certified employee of the Board of Education, without approval of the principal or administrator. The principal or administrator shall not grant such interviews unless he/she deems it essential to the welfare of the child, in the best interest of the district, or unless required to do so by court order. Police may interview students regarding matters concerning the school district, with the

principal, administrator, or their representative present. Parents/guardians will be contacted following a police interview. Police may interview students regarding matters that do not concern the school district, only with the permission of parents, and with the principal, administrator, or their representative present.

SECTION FIVE: SPECIAL EDUCATION REFERRAL PROCESS

The school district must locate, identify, and evaluate all resident children with disabilities, including children with disabilities attending private schools, regardless of the severity of their disabilities. The school district has a special education screening program to locate and screen all children with suspected disabilities who are residents of the district and who have not graduated from high school. Upon request, the school district will screen any resident child who has not graduated high school to determine whether a special education referral is appropriate. A request may be made by contacting Deb Straus, Director of Special Education, Three Lakes School District, 6930 West School Street, Three Lakes, WI 54562.

Annually, the district conducts developmental screening of pre-school children. Each child's motor, communication, and social skills are observed at various play areas. Each child is weighed and measured, and the child's hearing and vision are checked. The information is used to provide the parent with a profile of their child's current development and to provide suggestions for follow-up activities. Parents learn about community services available to them and speak with representatives of agencies serving families. The information from screening is also used to determine whether a child should be evaluated for a suspected disability. When school staff reasonably believes a child is a child with a disability, they refer the child for evaluation by a school district Individualized Education Program (IEP) team. Developmental screening will be part of the Child Development Day this spring. Watch the paper or listen to the radio for the dates.

A physician, nurse, psychologist, social worker, or administrator of a social agency who reasonably believes a child brought to him or her for services is a child with a disability has a legal duty to report the child to the school district in which the child resides. Before referring the child, the person making the referral must inform the child's parents that the referral will be made. The referral must be in writing and include the reason why the person believes the child is a child with a disability. Others who reasonably believe a child is a child with a disability may also refer the child to the school district in which the child resides. A referral of a child residing in the Three Lakes School District may be sent to Deb Straus at the school district address mentioned above.

SECTION SIX: ADDENDUM

SCHOOL DISTRICT OF THREE LAKES STUDENT ACCEPTABLE USE OF TECHNOLOGY AGREEMENT

The availability of Technology in the school district relies upon the proper conduct of users. Guidelines are provided here so that students and their parents or guardians are aware of the responsibilities that accompany the privilege of using Technology. First, it is important to note that school district employees are responsible for supervising students who use technology. To assist with this responsibility, the school district provides an Internet screening service so students are generally

not able to access inappropriate sites.

Guidelines for Use of Technology:

Appropriate use. The use of school computers must be consistent with the educational objectives of the School District of Three Lakes. Accessing or transmitting materials that are obscene or sexually explicit is prohibited. If a student happens upon an area that is pornographic in nature (either language or graphics) the student must immediately logout of that area. Use of chat rooms is generally not consistent with our district’s objectives, and therefore is not allowed without teacher permission. All E-mail and messages must be signed with the student’s full name. Impersonation is not permitted: pseudonyms are not allowed. However, for their own safety, users should NOT send any photos, personal addresses, or phone numbers without first checking with their parents/teachers. Users will never agree to get together with someone they “meet” online without first checking with their parents/teacher.

Adhering to the rules of copyright. All communications and information accessible via the network should be assumed to be private property and subject to copyright protection. Use of these sources shall be credited appropriately as with the use of any copyrighted material. In some cases, authors’ permission may need to be obtained before materials may be used.

E-mail restrictions. Students needing access to email at school must correspond through either a school provided and monitored email account or a classroom teacher's account. Use of non-school provided email is prohibited without administrative approval.

Authorized Downloads – Students are only allowed to download materials needed for their classes. No exe or zip files should be downloaded without teacher/administrator permission. (This applies to games, music, and video files too.)

Unauthorized Access. Attempts to gain unauthorized access to system programs or computer equipment are prohibited.

Theft/Vandalism. Theft or vandalism to school technology equipment, data, software, or systems is prohibited.

Penalties for non-compliance:
