

BLUEJAY BUZZ

ELEMENTARY EDITION

Happy Fri-yay!!! We've made it through another busy week of school. As we get closer to spring, we're starting to think about testing season, here at TLE. For right now, we'd just like you to mark your calendars for April 15-28, which is the state testing window. [Watch a video from District Administrator that talks more about testing](#), and then we'll share more information as we get closer. See what else is new below, and as always, [let us know](#) if you have any questions.

Learning Force, Speed and Inertia

In third grade, students spent some time this week learning about force, resistance, speed and more during a hands-on experiment out in the commons area. The lesson involved applying the same amount of force to a small car as it traveled over different surfaces. Students recorded the distance traveled and then hypothesized about why surface texture made a difference. [Click here for more pictures](#).

Fine Arts Gala on March 2

Get ready for a night of the arts this coming [Monday, March 2!](#) The fine arts dept. will host an evening of music, fine art and more. Come view student artwork in the commons area as we kick off the start of the district art show. And then, stay for musical performances that begin at 7 pm. You can come and go during performances. Doors open at 6:30 pm. We hope to see you there!

Let's Celebrate All Things Seuss!

It's time to celebrate one of our favorite authors, Dr. Seuss! Students will participate in the following dress-up days next week: Monday, wear a hat; Tuesday, dress up for what you want to be in the future; Wednesday, mismatched clothes; Thursday, wear crazy socks; Friday, wear pjs. Students will be listening to a Dr. Seuss book each morning in the IMC as well. We can't wait to see your creativity!

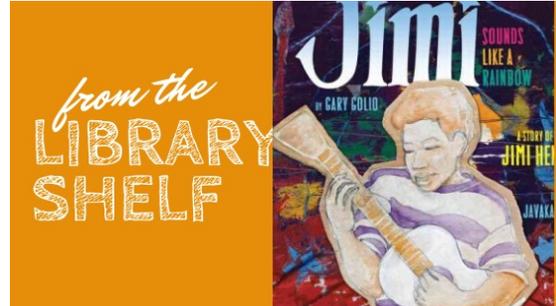

Racine Kringle Sale Starts

The Three Lakes Special Education Dept. is again holding a kringle fundraiser. The sale will go through March 13. [Just download the order form](#), which can then be returned to the elementary office. Or, stop by to see Ms. Maney to place an order. And remember, you can freeze kringles, so order plenty! Cost is \$9 each.

From the Library Shelf

Do you know who Jimi Hendrix is? He is one of the world's most well-known musicians and rockstars. But before he was famous for his incredible guitar playing, he was a kid who played the air guitar using a broomstick! [Jimi: Sounds Like a Rainbow](#) by Gary Golio is the perfect biography to read as we wrap up Black History Month. His story is a reminder that with hard work, dreams can become a reality.
