Sugar Camp Youth Club

We will be holding sign-up for Sugar Camp Youth Club sports on February 22 from 3:30-5:30 and February 23 from 3:30-6:00. This sign-up includes 2/3 grade coed basketball, 4/5 grade girls/boys basketball, summer swimming lessons, soccer and baseball for all school age children. The cost is \$20 per sport with no cap, unless you volunteered time at the Youth Club Softball Tournament last summer. If you worked the tournament, your fee is \$5 per sport with a \$20 family cap. As always, if you coached a sport, that sport is free to your child. We will also have the kitchen schedule for the tournament available if you have not signed up yet. If you are interested in coaching baseball this spring, we will have a sign up available. Please contact Melanie Fogerty at 715-401-0519 with any questions.

Young Authors Workshop

Students in grades 1-8 will have the opportunity to meet Cody VandeZande, author and illustrator of the book, *A Great White Christmas*, and Abigail Bostwick, author of *The Great Cat Nap*. They will discuss what authors and illustrators do, where they get their inspiration, and the process of publishing a book. There will be hands-on writing and illustrating activities with the authors. Books will be available for sale and authors will have a book signing session. Students will also be provided with a light snack and writer's notebook. This event will take place at the Tomahawk Elementary School on Saturday, April 21. Registrations forms are available in the office. Transportation would be available with Mrs. Blicharz if needed.

From the Library Shelf...

Not everyone loves the endearing holiday of Valentine's Day. In fact, it makes some people absolutely CRANKY! A Crankenstein Valentine by Samantha Berger highlights one young boy as he deals with what is, in his opinion, the yuckiest day of the year! Will he be able to transform his cranky attitude into a loving one in time to celebrate this fun holiday? Read to find out!!

Valentine's Day

To celebrate this day of love, the 2nd and 3rd graders were given the task of creating an animal of their choice out of self-made hearts. They planned their design by drawing it first and then decided the colors that they wanted to use. Then they got their materials and went to work! All of the kids did a great job showcasing their creativity and interests while making their animals. To say they were proud of themselves would be an understatement!
