

BLUEJAY BUZZ

ELEMENTARY EDITION

November is here. All hail the month of empty trees, cozy nights by the fireplace and roasted turkeys. This month is also Veterans Day and our first parent/teacher conferences, so check the calendar at the bottom of the newsletter. See what else is new this week, and as always, [let us know](#) if you have any questions.

Halloween Fun at TL Elementary

After a day of costumes and candy and boos and scares, we can all close out Halloween 2019. It's a wrap, parents. We did have a lot of fun here at school this week, complete with a Halloween costume parade yesterday afternoon and some trick-or-treating by the 4K class. [Take a look at the photo gallery here](#), while you munch on some candy from yesterday's parties!

Would You Beat a Dinosaur?

If you were in a race against a dinosaur, would you win? That was the question the third graders were tasked with this week in science. To work the problem, they measured their stride length to calculate which dinosaur they would be most evenly matched with. Then, they paced off eight steps and measured again. [Click here for photos!](#)

It's Pumpkin Pandemonium!

The library hosted a Pumpkin Pandemonium this month, challenging students to decorate pumpkins based on books. Although there were many fine entries, the following students came out on top of the competition: Ayla Connor, Most Creative; Noah Bauknecht, Most Detailed; and Karleigh Stone, Best All Around. Congrats! To see more of the pumpkins, [click here for a photo gallery](#).

Reading Roundup

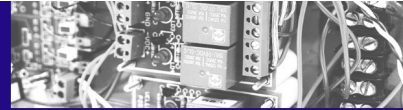

Bring in gently used books from Nov. 1-21

Do you have gently used books that need a new home? Bring them in from Nov. 1-21 for the PTO Reading Roundup. Books should be suitable for students in grades 4K-6. Both fiction and nonfiction are welcome. On Monday, Nov. 25, each student will be able to take home a "new to them" book.

Fab Lab Announces Classes

Have you wanted to get in the Fab Lab but weren't sure how to start? Now's your chance to dive in and learn about the software and equipment used in the lab. Winter classes are free for Fab Lab members and \$10 each for nonmembers. Take a look at the [registration page for a list of classes](#). First classes begin on Nov. 12, so register now!
