This year the 4<sup>th</sup> through 6<sup>th</sup> grades in Sugar Camp and Three Lakes experienced down hill skiing in Physical Education. They were able to go to Ski Brule for a day. For a fee of \$10.00 the students received a lesson, rental equipment, lift ticket and a lunch. The students were prepared for this by doing the skating and cross-country skiing units earlier in the year. A lesson was provided on how to get on and off chairlifts and what to bring for the day. Students had fun all day and for many, it was their first time to experience skiing. As the day went on, skill level and confidence increased with each time down the hill. Some students did not even want to come in for lunch. I would like to thank those who made this trip possible. First the teachers, who made their schedules flexible so the students could get this experience and learn another lifetime activity. Next, I would like to thank these organizations who donated money to offset some of the cost for lift tickets.

The Sugar Camp Youth Group, The Sugar Camp SCO, The Three Lakes PTO. Thanks for your support and help with this opportunity for the students. ~ Charlie Volk

Students in grades 3-6 will be participating in state standardized testing. Grades 3-6 will complete testing between April 17 and April 27, with fourth grade going into the first week in May. All students in grades 3-6 will take tests in English/language arts and math, with fourth grade completing additional tests in social studies and science. Please make every effort to make sure your child has a good breakfast in the morning. Research shows that students who are well-rested and have eaten breakfast tend to do better on tests than those who have not slept well or who have not eaten.
