

REQUEST FOR PERMISSION TO RIDE TO/FROM
A THREE LAKES SCHOOL ACTIVITY

THREE LAKES SCHOOL, 6930 WEST SCHOOL STREET, THREE LAKES, WI 54562

Parent/Guardian:

Wisconsin schools have been advised not to permit students to participate in school sponsored activities unless they are transported to and from the activity on school provided vehicles. In situations where riding to/from a school-sponsored activity is not possible, a written request must be made and it must be approved by the 7-12 Principal or Activities Director. Schools are otherwise considered liable and responsible for the safety and actions of all students involved from the time they leave the school until the time they are returned to the school.

If it is necessary for your child to ride **to** a Three Lakes School activity by any means other than school provided vehicles permission would only be granted if your student ride to the activity with yourself as parent/guardian.

If it is necessary for your child to ride home **from** a Three Lakes School activity by any means other than school provided vehicles, we request that your student ride home with yourself as parent/guardian. They may ride home with another participating student's parent/guardian with prior approval.

And the form below must be completed and returned to the high school office one (1) day prior to the date of the activity.

Please permit _____ to ride from the
(Name of Student)

_____ on _____
(Type of Activity) (Date)

The reason it is necessary for him/her to make this request is:

He/She will be riding home from the activity with _____.

I understand that approval of this request, as signed by me, removes all responsibility and liability for my student's safety and well being from Three Lakes School, and places it with me as the parent/guardian from the time the above activity concludes.

_____ Date _____
(Parent/Guardian Signature)

_____ Date _____
(7-12 Principal or Activities Director Signature)
