

ROBIN REPORT

SUGAR CAMP ELEMENTARY NEWS

Happy Friday, Robins! We've sure had plenty of sunshine this week, so we hope you all were able to get outside (or at least sit in front of a nice southern-exposure window!). And the good news is that the days are definitely getting longer. In fact, we've gained almost an hour and 20 minutes of daylight since the end of December. See what else is new below, and [let us know](#) if you have any questions.

Student Council Food Drive Starts

Our Sugar Camp Student Council members are busy organizing a food drive to benefit the Three Lakes Food Pantry. Please consider sending in non-perishable food items from **Feb. 10-21**. Just bring them to your classroom and put them in the classroom bin. For every 10 items received, your class strings up a fish. Watch the bulletin board to see which class has landed the most fish! Our school goal is 500 items.

Second Grade Science Experiment

Do you remember how you learned about the different states of matter? In Ms. Miller's second-grade class, students used soda and pop rocks to blow up balloons, demonstrating the properties of a gas. Then, the students used Fruit Loops to illustrate the properties of a solid, liquid and gas and what those atoms would look like under a microscope. Nice job, second grade!

The Sweetness of Fractions

What's the best possible way to learn about fractions? With candy! Ms. Pichowski taught her class about fractions this week with a little help from some Twizzlers. The class used the pull-and-peel variety to understand how fractions work on a number line. Thanks to this sweet assistance, these students are well on their way to understanding the concept of fractions of a whole.

This week, our library choice comes from Zoey in third grade who recommends, "[Fairy Spell: How Two Girls Convinced the World that Fairies are Real](#)" by Marc Tyler Nobleman. She says she likes this story because, "It's old-fashioned and includes both illustrations and real photos. Also, it's based on a story that I really like." Check it out today and see just how this story about fairies goes! (Hint: The girls get national recognition!)

Sugar Camp Lunch Menu

- Feb. 10** - Loaded hot dog. Chili, cheese, pepper strips, potato chips, fruit.
- Feb. 11** - Cheeseburger. Macaroni bake, lettuce, tomato, pickles, tater tots, fruit.
